My dame had a lame tame crane
    C              G                 C
My dame had a crane that was lame
                   G             C              G
Come Mistress Jane to my dame's lame tame crane
C                  G     C
Feed her and return again
