

"Mean Little Monster", artist: "Jonathan Slate}"

(chorus)

E

I've got this mean little monster
and he will not let me be
he's not a monster with a body
or a monster you can see

B

he just sits inside my brain
watching reruns on TV

E *B*

C'mon little monster

E

won't you let me be

Verse 1

E

Like any TV monster,
he has his special shows

A

he loves to watch the episodes

E

that he already knows

A

his favorites are the ones

E

that always make you cringe

B

Sometimes it's only one or two
and sometimes it's a binge.
(Sometimes it's only one or two
and sometimes it's a binge.)

Verse 2

His favorite time for watching
is when I go to bed
He turns up the volume
on the TV in my head
I wish I could ignore it
but the screen is just too bright
Man I hope my monster doesn't
keep me up all night.
(Man I really hope that I can
keep him up all night!)

(Chorus)

Verse 3

If I try to join him
he gobbles all the snacks
he pilfers the remote

and he doesn't give it back
it's gotta be his shows
on that he'll never bend
he's not the kind of monster
who could ever be a friend
(I'm not the kind of monster
who could ever be a friend.)

Bridge

A

It's true I've got a monster

E

but I know I'm not alone

A

you might even have a

E

monster of your own

A

And if it's like mine

E

it may try to say

F#7

that it's your secret monster

B7

that will never go away!

B7

F#7

(I'm your secret monster

B7

that will ne-ver go a-way!)

Verse 4

But if you talk to someone
it can really help a lot
they might even tell you
'bout the monster that they've got.

And you can tell that someone
that they can talk to you
if they wanna talk about the wicked
things that monsters do.

(Things that monsters do, things that monsters do.

All the clever, little things that wicked monsters do.)

(Chorus)
